# OUR LIBRARIES

RMU's libraries are state-of-the-art, featuring extensive collections of medical texts, research journals, and digital resources. They provide cutting-edge technology for academic research, including electronic databases, multimedia tools, and online access to global medical literature. Modern study spaces and expert staff support students and faculty, fostering a conducive environment for advanced learning and innovative medical research.

**Main Campus Library**

**New Campus Library**

# OUR HOSTELS

The student hostels of Rawalpindi Medical University provide a safe, comfortable living environment, fostering a sense of community among students. Equipped with essential amenities, they support academic success and personal growth. The hostels' proximity to the university allows easy access to educational resources and campus activities, enhancing the overall student experience.

Boys Hostel

# OUR MOSQUES

Prayers play a crucial role in students' lives by fostering spiritual growth, discipline, and a sense of community. The RMU's mosques offer a peaceful environment for reflection, enhance moral values, and provide support networks. Regular prayer helps in stress management, while mosques serve as centers for cultural and educational enrichment

Undergraduate Research Culture

# SPORTS & EXTRACURRICULAR ACTIVITIES

Sports and Extracurricular activities play a vital role in the development of healthy mind and body. RMU pays special interest in ensuring that all the opportunities for health sports and extracurricular activities are made available to its students to help them develop into healthy and useful citizens of Pakistan.

# FUTURE-READY STUDENTS

We are proud to offer an outstanding experience of all of our programs at all of our training sites, especially by employing the use of the state-of-the-art technologies for teaching & bed-side clinical training, enabling them to be ready for future challenges. We offer support and encouragement to all our students, ensuring they are prepared for life after university and have the skills required for a successful future.

**Training for Entrustable Professional Activities (EPAs)**

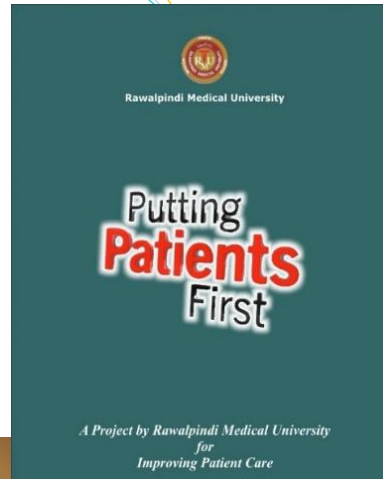

**Training session using SMART Classroom Technology**

# PATIENT CARE

The RMU & Allied hospitals provide round the clock patient care to the community. The dedicated team of health professionals of these hospitals, including the faculty of RMU ensures that uninterrupted medical services are always available for all without any discretion of financial or social status through the “Putting Patients First” program raising healthcare delivery standards for the community.

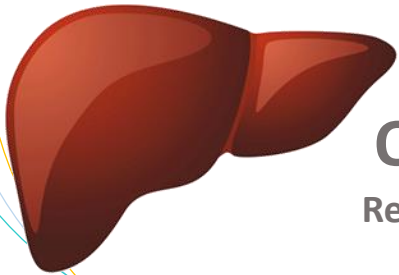

# SPECIALIZED CLINICS

Rawalpindi Medical University (RMU) offers specialized clinics for hepatitis, oncology, breast cancer, and diabetes. These clinics provide comprehensive care, including diagnosis, treatment, and follow-up. They are equipped with modern facilities and staffed by expert medical professionals, ensuring high-quality care and support for patients battling these complex diseases.

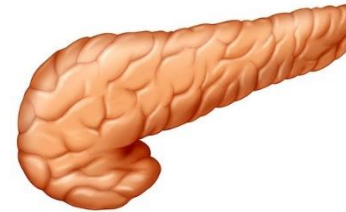

## Hepatitis Clinic

**Over 8000**  
Registered Patients

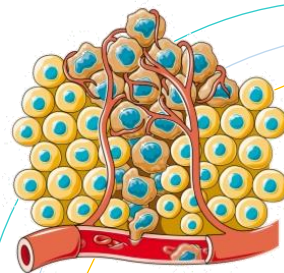

## Diabetes Clinic

**Over 3600**  
Registered Patients

## Oncology Clinic

**Over 500**  
Registered Patients

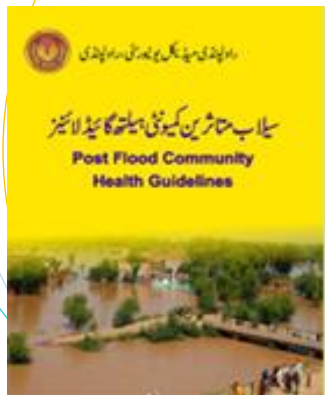

## Breast Cancer Clinic

**Over 3000**  
Registered Patients

# PUBLIC ENGAGEMENT & COMMUNITY

RMU cherishes its relation with the community and public. Our students bring many positives to the community from award winning volunteering initiatives to raising awareness among masses through public health drives. No matter when the duty calls, RMU is always ready to be on the forefront in disaster relief efforts across Pakistan.

Pancreatic Cancer Awareness

Breast Cancer Awareness

RMU Flood Relief & Rehabilitation Initiative, Umer Kot Sindh, 2022

# ENVIRONMENT SUSTAINABILITY

At RMU, we're united in our response to climate & biodiversity crisis and are proud to embed environmental sustainability in absolutely everything we do – from how we maintain & develop our buildings & horticulture, to rain water harvesting & solar energy utilization and what we research and teach.

## RMU Clean & Green Initiative

The RMU Clean & Green initiative was launched in 2018 with vision to promote environmental conservation & sustainability efforts. RMU understanding its responsibility is actively engaged tree plantation & in adapting environment friendly measures for a better tomorrow.

Nature Friendly Campus

## Green Energy – The Way Forward

RMU considers the use of Green energy as one of the best ways to contribute to preventing deforestation, decreasing carbon emissions and decreasing pollution. Step by step, RMU is moving towards Net-Zero emissions through utilization of Solar Energy.

## Rain Water Harvesting

Water is a natural and valuable resource. RMU is proud to be a pioneer in rain water harvesting among educational institutions in Pakistan. The harvested water is then utilized for watering of plants and trees throughout the campus to further derive environmental benefits from it.

Rain Water Harvesting System

# PARTNERSHIPS & COLLABORATIONS

RMU actively engages in partnerships aligned with UN's Sustainable Development Goals which exemplifies the commitment for addressing global challenges & contributes to sustainable development. The areas of national & international collaborations focus on healthcare, education & community development reflecting our dedication to making positive impact at all levels.

No.	University / Institution	Avenue of Cooperation

# OUR ALUMNI

The Alumni Associations of the Rawalpindi Medical University (formerly Rawalpindi Medical College) have always remained one of the strongest pillars of Rawalpindi Medical University, contributing physically as well as financially to the developmental needs of their alma mater, with their utmost dedication towards paying back to the institution that shaped their lives

## Projects Supported by RMU Alumni

- Establishment of Burn Unit at the Holy Family Hospital
- Establishment of Nephrology Department at the Holy Family Hospital
- The Makhdoom Hussain Chaudhary Endowed Chair for Professor of Research
- Establishment of Rawalian Research Unit
- Medical Emergency Foundation Program
- Primary Physician Training Certificate Course
- Construction of Attendants Waiting Area at Benazir Bhutto Hospital
- Financial Support & other Philanthropist Contributions

### BABAR RAO MD, FAAD

*Contributions at Rawalpindi Medical University*

- Dr. Rao has remained extremely instrumental in the patient care, research & teaching projects of RMU.
- Funded, the sole burn center in Northern Punjab in 2007, benefitting thousands of poor patients.
- Funded establishment of
  - Center for GI & Liver Diseases
  - Dialysis center
  - Plastic Surgery Department
  - Pathology Department
  - Dermatology Department & many other.
- Trained 10 fellows & MD Dermatology Residents at Dermatology Department Benazir Bhutto Hospital, Rawalpindi.
- Mentored more than 100 students of RMU in getting residency at USA.
- Established research unit at RMU.
- Remained involved in Community Development programs of RMU.
- Capacity Building of faculty members through Merit Programs.
- In last 30 years, his contributions for Pakistan and Rawalpindi Medical University are matchless.

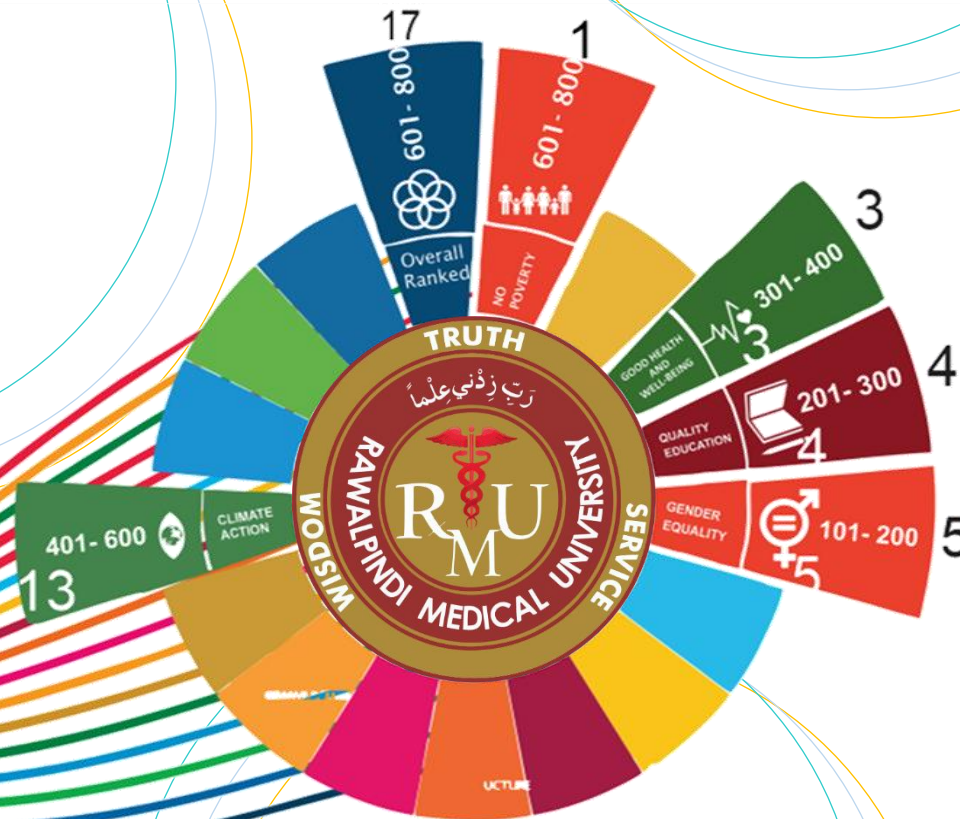

# SUSTAINABLE DEVELOPMENT GOALS

Rawalpindi Medical University is dedicated to advancing the United Nations Sustainable Development Goals (SDGs) through innovative research, education, and community outreach. The university emphasizes sustainability in healthcare, promotes environmental stewardship, and fosters partnerships to address global health challenges, ensuring a healthier, equitable future for all.
