Publications

1. Pediatric Ocular Trauma and Pre-hospital First Aid Practices for Children Presenting at Holy Family Hospital, Rawalpindi. Journal of Wah Medical College. 2024; 1(1): 18-22.
2. Serum Sodium and Potassium Levels and Outcomes of Hepatic Encephalopathy Complicating Hepatitis C- related Cirrhosis. Journal of Wah Medical College. 2024; 1(2) 13-17.
3. Pediatric Ocular Trauma and Pre-hospital First Aid Practices for Children Presenting at Holy Family Hospital, Rawalpindi. Journal of Wah Medical College. 2024; 1(2) 18-22.
4. Problems and challenges of attendance in medical students. JRMC 2024; 28(2): 192.
5. Leukocyte Count: A Reliable Marker for Severity of Organophosphorus Intoxication. Pakistan Journal of Medical and Health Sciences 2023; 17(1): 494- 8.
6. A study on the effects of pregabalin and amitriptyline in treatment of patients with painful diabetic neuropathy. Pakistan Journal of Medical and Health Sciences 2023; 17(1):485-8.
7. A cross sectional study on the plateletcrit and platelet indices in different forms of dengue fever. Pakistan Journal of Medical and Health Sciences 2023; 17(1):489-93.
8. Rivaroxaban Induced Acute Pancreatitis-A Case Report. Journal of Pakistan Society of Internal Medicine 2022; 03 (2): 153-6.
9. Haematological profile abnormalities; and its relationship with severity and outcome of COVID-19 infection. African Health Sciences 2022; 22(3): 495-505.
10. Mcardle's disease complicated by acute renal failure. Pak J of Medical Health Sciences (PJMHS) 2022; 16 (05): 996-8. DOI:https://doi.org/10.53350/pjmhs22165996
11. Prevalence and biochemical associations of fever in adults with reverse transcription polymerase chain reaction proven coronavirus disease presenting at tertiary care hospitals in Rawalpindi. Cureus 2022; 14 (1) DOI: 10.7759/cureus.21724.
12. Correlation of biochemical profile at admission with severity and outcome of COVID-19. Journal of Community Hospital Internal Medicine Perspectives 2021; 11(6):740-6. DOI:10.1080/20009666.2021.1974161
13. Presenting complaints in acute Dengue infection and differences in presenting complaints between primary and secondary Dengue infections. Cureus 2021; 13(11): e19320. doi:10.7759/cureus.19320
14. Unifocal Langerhans Cell Histiocytosis presenting as spontaneous pneumothorax. Journal of Advances in Medicine and Medical Research 2021; 33(19), 103-10.

https://doi.org/10.9734/jammr/2021/v33i1931084

15. A rare case of parathyroid adenoma with concurrent vertebral brown tumour and acute necrotizing pancreatitis- a case report. Journal of Medical Case Reports & Reviews 2021; 990-95. https://doi.org/10.52845/JMCRR/2021/4-9-1.
16. Family history of cardiometabolic diseases based anthropometric and blood pressure evaluation of final year MBBS students. RMJ. 2021; 46(2): 303-306.
17. Mean platelet volume and acute stroke patient characteristics. J Pak Soc Intern Med 2021;2(1):24-28.
18. Hemorrhagic manifestations among dengue patients in tertiary care hospitals of Rawalpindi Medical University Pakistan. Infectious Diseases Journal of Pakistan 2021; 30 (2): 40-3.
19. COVID-19 Pandemic: Trends, interventions and outcomes experienced at Allied Hospitals of Rawalpindi Medical University Pakistan. Infectious Disease J of Pakistan 2020; 29 (3): 50-4.
20. Symptom Analysis of Confirmed Covid-19 Patients at Allied Hospitals of Rawalpindi Medical University, Pakistan. J Islamabad Med Dental Coll. 2020; 9(4): 235-241. Doi:10.35787/jimdc.v9i4.607
21. An overview of Preliminary COVID-19 Cases Admitted in Rawalpindi Institute of Urology & Transplantation Pakistan. Research And Reviews On Healthcare: Open Access Journal 2020; 5 (2): 475-9.
22. Metered dose inhaler technique: A priority catch for physicians. Cureus 2020; 12(10): e10857. doi:10.7759/cureus.10857
23. Analysis of COVID-19 mortality in Allied Hospitals of Rawalpindi Medical University Pakistan. Biomedica 2020; 36: 260-4.
24. COVID-19 pandemic and Department of Medicine, Rawalpindi Medical University. JRMC 2020; 24(2):100-2.
25. Effects of a high-dose 24-h infusion of tranexamic acid on death and thromboembolic events in patients with acute gastrointestinal bleeding (HALT-IT): an international randomised, double-blind, placebo-controlled trial. Lancet 2020; 395: 1927-36.
26. An overview of preliminary COVID-19 cases admitted in Rawalpindi Institute of Urology & Transplantation Pakistan. Res & Rev Health Care Open Acc J 5(2)- 2020. RRHOAJ.MS.ID.000210. DOI:10.32474/RRHOAJ.2020.05.000210.
27. Publishing medical research in Pakistan; challenges and the way forward. Journal of Rawalpindi Medical College (JRMC); 2020; 24(1): 1-2
28. Ghost writing and plagiarism. Journal of Rawalpindi Medical College; 2019; 23(S-2): 64-65.
29. First report of Chikungunya fever in Rawalpindi, Pakistan. East Mediterr Health J 2019 https://doi.org/10.26719/emhj.19.095
30. Pulmonary Infection with Mycobacterium Fortuitum. Clin Case Rep Open Access 2019; 2(3): 129.

31. Gender based differences in patients of poisoning managed at a Medical Unit. J Pak Med Assoc 2019; 69 (07): 1025-8.
32. Secondary Fahr's disease; a consequence of post-thyroidectomy hypoparathyroidism. Eur J Case Rep Intern Med 2019; 6(6): 001109.
33. Takayasu's arteritis presenting as ischemic stroke in young patient. Journal of Rawalpindi Medical College (JRMC) 2019; 23 (S-1): 59-60.
34. Tuberous sclerosis: a patient who presented with fits. Journal of Rawalpindi Medical College (JRMC) 2019; 23 (S-1): 61-3.
35. Characteristics of probable severe fever with thrombocytopenia syndrome patients: a perspective study from Pakistan. International Journal of Medicine in Developing Countries 2019;3(2):001–007 (https://doi.org/10.24911/IJMDC.51-1544507442)
36. SJRMC; lets continue. Journal of Rawalpindi Medical College (JRMC) 2018; 22 (S-1): 1-2.
37. Pickwickian syndrome. EC Pulmonology and Respiratory Medicine 2018; 7 (11): 813-815.
38. Outcome of respiratory failure patients managed in Medical Intensive Care Units (ICUs). Journal of Rawalpindi Medical College (JRMC) 2018; 22(3): 199-202
39. Budd-Chiari Syndrome: what is the cause? Journal of Rawalpindi Medical College (JRMC) 2018; 22(2): 175-177.
40. Pro-Calcitonin and C reactive protein as marker of infection: evaluation of systemic inflammatory response syndrome (SIRS) in patients with normal and impaired renal function. Journal of Rawalpindi Medical College (JRMC) 2018; 22 (2): 99-103.
41. Tension pneumothorax during apnea testing for the determination of brain death. Journal of Rawalpindi Medical College (JRMC); 2018;22(1): 87-89
42. Band ligation versus glue injection for bleeding gastric varices. Journal of Rawalpindi Medical College (JRMC); 2017; 21(4): 317-320.
43. A young female with lymphangioleiomyomatosis. EC Pulmonology and Respiratory Medicine 2017; 4 (2): 41-5.
44. Raman spectroscopy based investigation of molecular changes associated with an early stage of dengue virus infection. Laser Physics 2017; 27(4): 045601.
45. Diagnosis, management and prevention of hepatitis C in Pakistan. J Ayub Med Coll Abbottabad 2016; 28 (4 Suppl 1): S839-82.
46. Diagnostic accuracy of high risk Glasgow Blatchford score and need for endoscopic intervention in upper gastrointestinal bleeding. Rawal Medical Journal (RMJ) 2016; 41(4): 394-7.
47. Dengue fever induced fulminant hepatic failure. Journal of Rawalpindi Medical College (JRMC); 2016; 20(4): 331-2.
48. Herpes simplex encephalitis with intracereberal hemorrhage. Journal of

Rawalpindi Medical College (JRMC); 2016; 20(4): 333-4.

49. Raman spectroscopy-based screening of IgM positive and negative sera for dengue virus infection. Laser Physics 2016; 26(11): 5602.
50. Evaluation of Raman spectroscopy in comparison to commonly performed dengue diagnostic tests. Journal of Biomedical Optics 2016; 21(9):095005.
51. Raman spectroscopy based discrimination of NS1 positive and negative dengue virus infected serum. Laser Physics Letters 2016; 13: 095603.
52. SOFA score and outcome: experience at a public sector hospital ICU. Pak Armed F Med J 2016; 66(4): 510-14.
53. Characteristics of dengue shock syndrome during 2014 dengue epidemic in Rawalpindi, Pakistan. Rawal Medical Journal (RMJ) 2016; 41(2): 142-7.
54. Management of adult dengue shock syndrome patients not improving with deag guidelines based therapy. Journal of Rawalpindi Medical College (JRMC) 2016; 20(1):2-6
55. Research at undergraduate level- well envisioned. Journal of Rawalpindi Medical College (JRMC) Students Supplement 2016: 20(S-1):1-1
56. Ultrasonographic pattern of plasma leak in dengue haemorrhagic fever. J Pakistan Medical Association (JPMA) 2016; 6(3): 260-6.
57. Evaluation of model for end-stage liver disease score cut off values in patients with hepatic encephalopathy. J Ayub Med Coll Abbottabad (JAMC) 2015; 27(4): 886-9.
58. Dengue dengue. Journal of Rawalpindi Medical College (JRMC) 2015; 19(3): 183- 4.
59. Hemophagocytic lymphohistiocytosis complicating dengue and Plasmodium vivax coinfection. Case Rep Med 2015; 2015: 696842.
60. Adult onset Stills disease: an uncommon cause of pyrexia of unknown origin. Journal of Rawalpindi Medical College (JRMC); 2015;19(2):178-180.
61. Kikuchi-Fujimoto disease complicated by tuberculosis. Journal of Rawalpindi Medical College (JRMC) Students Supplement 2015; 19(1): 102-4.
62. Students as medical writers- a paradigm shift. Journal of Rawalpindi Medical College (JRMC) Students Supplement 2015:19(S-1):6-6
63. Copper sulfate poisoning. Journal of Rawalpindi Medical College (JRMC) 2014;18(2): 310-1.
64. Dengue hemorrhagic fever: comparison of patients with primary and secondary infections. J Infect Public Health 2014; 7: 489-95.
65. Pulmonary tuberculosis diagnosis practices. Journal of Rawalpindi Medical College (JRMC) 2014; 18(1): 13-5.
66. Misdiagnosed cavernous malformations of brain. Journal of Rawalpindi Medical College (JRMC) 2014; 18(1):164-165.
67. Frequently isolated bacteria and pattern in a Medical ICU (Authors reply to Letter to the Editor). J Coll Physicians Surg Pak 2014; 24 (7): 534.
68. Chronic hepatitis C treatment and thyroid dysfunction. Rawal Med J 2014; 39(1): 3-5.
69. Dengue infection in adults: information for the unwary. Journal of Rawalpindi Medical College (JRMC) 2013; 17(2): 308-13.

70. Diabetic retinopathy in type II diabetics. Journal of Rawalpindi Medical College (JRMC) 2013; 17(2): 257-9.
71. Lipid abnormalities in patients with type II diabetics. Journal of Rawalpindi Medical College (JRMC) 2013; 17(2): 167-8.
72. Frequently isolated bacteria and their culture and sensitivity pattern in a Medical ICU. J Coll Physicians Surg Pak 2013; 23(9): 681-2.
73. Frequency of Oral Candidiasis in Type 2 Diabetics. Journal of Rawalpindi Medical College (JRMC) 2013; 17(1): 31-2.
74. Comparative study of the perioperative care of head and neck surgical patients with and without central venous pressure line. Journal of Rawalpindi Medical College (JRMC) 2012; 16(2):138-140.
75. Estrogen receptor, progesterone receptor, and Her 2 Neu positivity and its association with tumor characteristics and menopausal status in a breast cancer cohort from northern Pakistan. Ecancer 2012; 6: 283.
76. Medical Research in Pakistan. Journal of Rawalpindi Medical College (JRMC) 2012; 16(1); 82.
77. Perception of tuberculosis in Pakistan: findings of a nation-wide survey J Pak Med Assoc 2012; 62 (2): 116-20.
78. Multidrug resistant tuberculosis in Rawalpindi, Pakistan. J Infect Dev Ctries 2012; 6(1): 29-32.
79. Needlestick injuries: a survey of doctors working at tertiary care hospitals of Rawalpindi. J Pak Med Assoc 2011; 61(1): 63-5.
80. Characteristics of hepatocellular carcinoma patients attending NORI. APIMS 2010; 6(4): 183-5.
81. Unintentional poisoning: experience at a Medical Unit. Journal of Rawalpindi Medical College (JRMC) 2010; 14(2); 46-8.
82. Hepatitis C in Pakistan: a review of available data. Hepat Mon 2010; 10(3): 205-214.
83. Knowledge, attitude, and practices of a cohort of Pakistani females towards breast cancer. J Pak Med Assoc 2010; 60(3): 205-8.
84. Medicolegal evaluation of subjects with suspected alcohal consumption. Journal of Rawalpindi Medical College (JRMC) 2009; 13(2); 63-5.
85. Factors affecting relapse of tuberculosis. Journal of Rawalpindi Medical College (JRMC) 2009; 13(1); 44-8.
86. Practice guidelines: diagnosis, management and prevention of hepatitis C in Pakistan. Pak J Gastroenterology 2009; 23(2): 8-62.
87. Hemoglobin, leukocyte, and platelet counts: comparison of chronic hepatitis C patients and healthy controls. Pak J Gastroenterology 2009; 23(1): 26-31.
88. Anti-HCV antibody positivity of various sections of Pakistani patients. J Coll Physicians Surg Pak 2009; 19(11): 737-41.
89. Endoscopic variceal band ligation in chronic liver disease patients: experience at Holy Family Hospital, Rawalpindi. Pak J Gastroenterology 2008; 22(2): 3-6.
90. Upper GI endoscopic findings in patients with chronic liver disease. Pak J

Gastroenterology 2008; 22(2): 16-8.
91. Thyroid function tests abnormalities in chronic hepatitis C patients treated with standard interferon and ribavirin at three months after starting treatment. Pak J Gastroenterology 2008; 22(1): 28-31. (Published 2009)
92. Association of AST/ALT ratio with hepatic fibrosis in chronic hepatitis C patients. Pak J Gastroenterology 2008; 22(1): 10-14.
93. Deliberate self poisoning: experience at a Medical Unit. J Pak Med Assoc 2008; 58(8): 455-7.
94. Model for end-stage liver disease and outcome of portosystemic encephalopathy. Postgrad Med J 2008; 54(1):61-2.
95. Knowledge, Attitude and Practices (KAP) of Medical students towards Hepatitis B and C. Ann Pak Inst Med Sci 2008; 4(2): 116-20.
96. Tetanus in post 2005 Pakistan earthquake scenario. J Coll Physicians Surg Pak 2007; 17(9): 577-8;.
97. A clinical and biochemical profile of biopsy-proven non-alcoholic fatty liver disease subjects. J Coll Physicians Surg Pak 2007; 17(9): 531-4.
98. Outcome of combined interferon-ribavirin in the treatment of chronic hepatitis C. J Coll Physicians Surg Pak 2007; 17(8): 516.
99. Risk factors for breast cancer in patients treated at NORI hospital, Islamabad. J Pak Med Assoc 2007; 57(5): 242-4.
100. Congenital factor X deficiency. Journal of Rawalpindi Medical College (JRMC) 2006; 11(1): 49-50.
101. Utility of Mantoux test in the diagnosis of tuberculosis. Journal of Rawalpindi Medical College (JRMC) 2006; 10(1): 12-9.
102. Association of platelet count to splenic index ratio with presence of esophageal varices in patients with HCV related compensated cirrhosis. Pak J Gastroenterology 2006; 20(1): 37-43.
103. Histopathological evaluation of esophageal columnarized mucosa in gastroesophageal reflux disease. Pak J Gastroenterology 2006; 20(1): 11-3.
104. Helicobacter pylori genetic profile of dyspeptic patients: perspective from Rawalpindi, Pakistan. Pak J Gastroenterology 2006; 20(1): 6-10.
105. Acute hepatitis E: experience at Holy Family Hospital, Rawalpindi. Pak J Gastroenterology 2006; 20(1): 32-6.
106. Characteristics of chronic hepatitis C, 3a patients who did not respond to therapy with interferon and ribavirin. Pak J Gastroenterology 2006; 20(1):55-7.
107. Chronic hepatitis C: symptoms and their response to combination therapy with interferon and ribavirin. Pak J Gastroenteroly 2006; 20(1): 49-54.
108. Obesity related complications in 100 obese subjects and their age matched controls. J Pak Med Assoc 2006; 56(2): 50-3.
109. Extracorporeal shock wave lithotripsy. J Coll Physicians Surg Pak 2005; 15 (10): 638-41.
110. Emergency department evaluation of patients with chest pain. J Journal of

Rawalpindi Medical College (JRMC) 2005; 9(1): 22-5.

111. Endoscopic evaluation of patients with upper GI bleed in holy month of Ramadan. Journal of Rawalpindi Medical College (JRMC) 2004; 8(2): 65-8.
112. Characteristic features of 50 NAFLD patients. Rawal Med J 2004; 29: 8-12.
113. Endoscopic evaluation of 2484 patients with upper GI hemorrhage. Journal of Rawalpindi Medical College (JRMC) 2003; 7(2): 89-92.
114. Prevalence of anti-HCV antibodies among health care workers of Rawalpindi and Islamabad. Rawal Med J 2003; 28: 7-11.
115. A 12 years audit of upper gastrointestinal endoscopic procedures. J Coll Physicians Surg Pak 2003; 13(6): 321-4.
116. Endoscopic retrograde cholangiopancreatographic evaluation of patients with obstructive jaundice. J Coll Physicians Surg Pak 2003; 13(6): 325-8.
117. Upper GI endoscopic evaluation of 299 patients with clinically compensated cirrhosis. Pak J Gastroenterology 2003; 17(1): 12-6.
118. Endoscopic and histopathological evaluation of 306 dyspeptic patients. Pak J Gastroenterology 2003; 17(1): 4-7.
119. Acute myocardial infarction: experience at a teaching hospital. Journal of Rawalpindi Medical College (JRMC) 2002; 6(2): 65-9.
120. Self-inflicted injuries: the standing medical board experience. J Coll Physicians Surg Pak2002; 12(9): 518-21.
121. Evaluation of lymphocytic pleural effusion with pleural biopsy. J Coll Physicians Surg Pak 2002; 12(2): 74-7.
122. Brochioalveolar carcinoma. J Coll Physicians Surg Pak 2002; 12(2): 125-7.
123. Evaluation of cardiac denervation in patients with long-standing diabetes. J Coll Physicians Surg Pak 2002; 12(1): 12-5.
124. An experience of cirrhotic hepatic encephalopathy at DHQ Teaching Hospital, Rawalpindi. Journal of Rawalpindi Medical College (JRMC) 2001; 5(2): 60-4.
125. Demographic features of hepatocellular carcinoma: a study of 30 cases. JRMC 2001; 5(2): 81-3.
126. Nonalcoholic steatohepatitis (NASH). Journal of Rawalpindi Medical College (JRMC) 2001; 5(2): 96-100.
