

Rawalpindi Medical University

***Board of Examiners
(MD/MS, Diploma & MHPE)***

Examination Department

Introduction

Rawalpindi Medical University is a premier university established in 2017 and very swiftly became an examining university in short span of 3 years far ahead of other distinguished medical universities. The Examination Department was established in 2019 under section 34 (Chapter V) of (RMU act 2017).

The Examination department prime responsibility is to create the board of examiners for different post graduate examination i.e. MD/MS, Diploma and MHPE examination.

The board of examiners consists of Experienced Academics: Senior faculty members with expertise in medical education and assessment. Clinical Experts: Practicing clinicians with expertise in relevant medical specialties and assessment Specialists: Experts in assessment and evaluation methodologies.

Vision:

Our vision is to be a model of excellence in examination administration, providing a seamless, efficient, and secure experience for University Examinations. We aim to

- Enhance the academic experience and reputation of Rawalpindi Medical University
- Build trust and confidence among students, faculty and staff
- Contribute to the development of knowledgeable, skilled, and responsible graduates

- Set the standard for examination excellence in higher education

Mission:

Our mission is to maintain the highest standards of academic rigor and quality. We strive to:

- Facilitate accurate and timely examination scheduling, coordination, and results processing
- Facilitate accurate and timely examination scheduling, coordination, and results processing
- Facilitate accurate and timely examination scheduling, coordination, and results processing
- Continuously improve examination processes and services through innovation and feedback

Our department is dedicated to upholding the values of academic integrity, fairness, and excellence, and we are committed to support the university in achieving their academic goals.

Objectives:

1. **Ensure Academic Excellence:** Maintain the highest standards of medical education and assessment.
2. **Evaluate Student Competence:** Assess students' knowledge, skills, and attitudes to ensure they meet the required standards.
3. **Maintain Quality Assurance:** Monitor and evaluate the quality of medical education and training programs.
4. **Foster Continuous Improvement:** Identify areas for improvement and implement changes to enhance the quality of medical education.

5. **Protect Public Interest:** Ensure that graduates are competent to provide safe and effective patient care.

Roles:

1. **Conduct Examinations:** Develop, administer, and evaluate examinations to assess student competence.
2. **Set Examination Standards:** Establish and maintain standards for examinations, including content, format, and passing criteria.
3. **Evaluate Student Performance:** Assess student performance in examinations and other assessments.
4. **Award Degrees and Diplomas:** Recommend the award of degrees and diplomas to students who have met the required standards.
5. **Monitor Curriculum Implementation:** Oversee the implementation of the medical curriculum and ensure it meets the required standards.
6. **Provide Feedback and Guidance:** Offer feedback and guidance to students, faculty, and administrators on matters related to medical education and assessment.
7. **Maintain Accreditation Standards:** Ensure that the medical program meets the accreditation standards set by relevant authorities.
8. **Foster Research and Innovation:** Encourage research and innovation in medical education and assessment.
